

GCSE maths re-sits: develop your practice (L5 module)

This L5 CPD course supports practitioners working with GCSE maths learners, especially those who have achieved lower than a grade C/ 5 at school. You will explore and experience how to engage and motivate learners and undertake assessment throughout the learner journey to build on prior learning. You will experience digital approaches and other effective practices for leading GCSE maths courses.

Past delegates found the course 'inspirational', 'excellent', 'world class'.

Who is the course for?

- Existing teachers who currently teach GCSE maths and would benefit from training and development.
- New GCSE teachers, such as Functional Skills teachers or vocational teachers, who are teaching/ have taught maths at level 2 and meet the entry requirements.
- Teachers who have undertaken the [Maths Enhancement Programme](#) and meet the entry requirements.

Learning outcomes:

You will be able to:

- motivate and inspire reluctant learners
- use assessment approaches to support GCSE maths learning
- plan teaching and learning to meet GCSE maths curriculum requirements and the diverse needs of learners
- use active learning strategies and connected, challenging teaching methods to make GCSE maths teaching more effective
- develop an in-depth understanding of maths at GCSE and beyond
- use or undertake research to develop and improve own practice in GCSE maths teaching

Cost:

Individual (SET member) : £170
Individual (Non-SET member): £200
Hosting in-house (6-10 staff): £1,200
In-house (>16 staff): £1,800

Accreditation: additional £200 per person
